WHITE HALL AREA WORK SET LANE CLOSURE TO OCCUR

LITTLE ROCK (9-3) Crews working on Highway 365 near White Hall will have a lane closure beginning on Tuesday, September 7, according to Arkansas State Highway and Transportation Department (AHTD) officials.

More than five miles of Highway 365, between Highways 256 and 104, will be affected by the work and will be down to one lane in the immediate work area. Completion of the asphalt surface treatment will take several days, and intermittent lane closures could occur over the next several weeks as work is completed.

Motorists should exercise caution when approaching and traveling through all highway work zones.
